

“Imagine that you woke up one morning and a miracle had happened - your life had become exactly what you wanted it to be.”

“How would you know that the miracle had taken place? What would you see? What would you hear? What would you feel inside? What changes would have happened in your career? In your relationships? Your finances? Your health?” What would have happened to the environment around you, to Planet Earth?

As you make your answers part of your existence by reviewing them every day consciously and **The Silva Method** way, you are going to make these dreams come true.
